CHAIRMAN'S REPORT AND OTHER MATTERS:

Gym

Thanks to Paul Broxis for the building work alterations to make the gym. He has done a magnificent job and kept costs down at the same time. It is now in the process of being fitted.

Club Manager

Not much progress. Reluctance to have a paid employee in a voluntary club with limited voluntary based fee structures. If any Member prepared to take on the role of defining the job description and finding a suitable person, please step forward.

Water and Weed

Not good, it is very hard to get hold of the department that operates the reserve, their manager has resigned and not been replaced. The weed cutting machine is old and continuously breaks-down.

On the upside we have the promise of a second machine arrive for five months of the year from Princess Vlei, but no specific time frame. The spring tide was not well captured after the last opening of the mouth, which has resulted in our low water levels.

Club and Grounds

Heavy expenses expected for this year, as we will be fixing the access system and electrical installation. At the moment the gates and other doors are on manual.

TREASURERS REPORT:

Please refer to the report that was posted. In brief we are doing ok, we are not a rich club but the balances are healthy.

ADT Marina Marathon 5 May:

The Orka squad will organise and run the race, proceeds will go to Elite athletes going to worlds.

Idea being that they will incorporate a guppie race, anything that floats race, SUP race and a normal race. This would be to bring more people and funds into the club.

WP Marathon Champs 19/20 May:

Andrew van Osch and Terry Brunton will be running with it.

Gouda Bridgetown K1 2nd June:

Zach Preyser and Barry Penn(in a supporting role). May ask Graham Soloman to run it.

Robertson Bonnievale k2 4th August:

Estelle Jacobs with help from everybody to run it.
